

Faces mirroring the strain of a day's paddling, members of the the Alberta team beach their canoe following the trip to Drayton Valley from Alder Flats.

CANOE PAGEANT THRILLS ENTHUSIASTIC CROWD HERE

A crowd estimated in the neighborhood of 4,000 gathered on the banks of the North Saskatchewan River at Drayton Valley to greet the arrival of the Centennial Canoe Pageant on Thursday, May 25th.

Cloudy skies and intermittent showers early in the day caused some apprehension and a heavy shower occurred moments before the canoes were to arrive. Then the skies cleared and the Voyageurs arrived in bright sunshine to the cheers and applause of watchers on shore.

The canoes arrived from Alder Flats in brigade and after a brief rest took part in a sprint race in view of spectators. The sprint was a double-figure eight won by the Alberta team followed by Manitoba and Ontario.

Three Drayton Valley men, members of the crew of Alberta's David Thompson, paddled down from Alder Flats and then took part in the sprint although substitution was permissible. The three Drayton Valley paddlers are Dave MacLure, Archie Griffith and Dave Ellery.

The Alberta team received \$60 for the sprint win of the total of \$300 awarded in prize money. Prizes were presented later in the evening at the show in the Centennial Civic Centre.

The times of the teams are recorded and marked toward the total time required to reach Expo. Sprint times are recorded as part of the overall time but times are not kept on all days.

The teams did not race between Alder Flats and Drayton Valley or between here and Devon. They left here Friday morning in brigade which does not involve a scramble into the water, as canoes leave intermittently as they are ready.

On Wednesday the canoes pulled into Alder Flats where more than 2,000 people showed up for the celebration at the Forestry Air Strip near the hamlet. Large bonfires were built along the banks of the river to greet the travellers and a barbecue and entertainment followed.

Heavy rains marred the Alder Flats celebration and the ten miles of muddy road added problems for spectators return-

ing home. Some, we understand, spent a good part of the night waiting to be towed up a hill at the worst part of the road.

When the pageant reaches Expo 67 on September 4th, members of the top team--the lowest cumulative time enroute--will receive \$2,500 each. It is expected the members will have accrued as much or more enroute in various competitions at stopping points along the way.

Spare paddlers, along with supplies and equipment and non-canoeing members of the brigade travel the route in trucks and motor vehicles. Also accompanying the Voyageurs is a company of Canadian Army Signalmen who travel in boats and trucks keeping communications open between the canoes and shore parties.

After the river events here the Voyageurs moved into Drayton and with the Army tents and trucks, trailers accompanying the canoeists, and the tents of the Voyageurs, a small tent city was set up under the water tower in the downtown area. The Voyageurs were treated to a roast beef barbecue held in the Curling

Rink after the river events. Local residents acted as hosts to the members of teams from each of the ten provinces and territories represented.

The barbecue was prepared by Roy Graves of Calgary with members of the Elks Club assisting with the carving.

A crowd estimated in the neighborhood of 1,000 enjoyed the barbeque.

The Voyageurs slipped away the following morning between 7 and 7:30 with residents again turning out, although on a reduced scale to wish them "Bon Voyage".

Centennial Centre Officially Opened

The new Drayton Valley and district Centennial Civic Centre was officially opened at a ceremony last Thursday evening. Activities in the centre were a part of the festivities surrounding the arrival of the Centennial Canoe Pageant here.

Formal opening of the building was performed by Mrs. C. R. Wood, former M.L.A. for Stony Plain Constituency, who unveiled a plaque commemorating the construction of the building. Mrs. Wood was in office while the building was being planned and built and was unstinting with her time and help to the local Centennial Committee in getting the project from an idea to a reality.

She was assisted during the unveiling by Mayor Howard Pickup, who in a brief address, outlined the work involved in the undertaking and extended

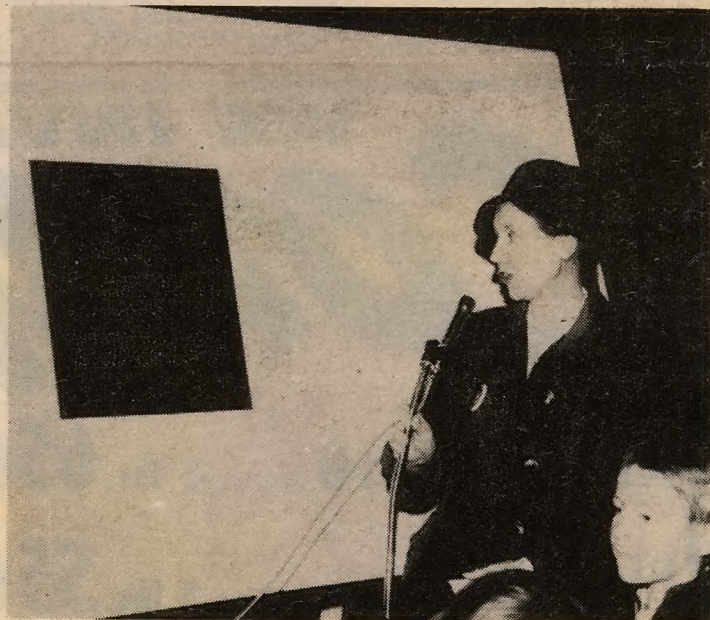

a welcome to the Voyageurs and other visitors to the community.

A highlight of the evening was the appearance of Bobby Gimbey of national radio fame who led 150 children in the singing of the "Canada" song written by him. About 2,000 people gathered in the centre for the performance were enthusiastic about the way the youngsters carried off their part of the number.

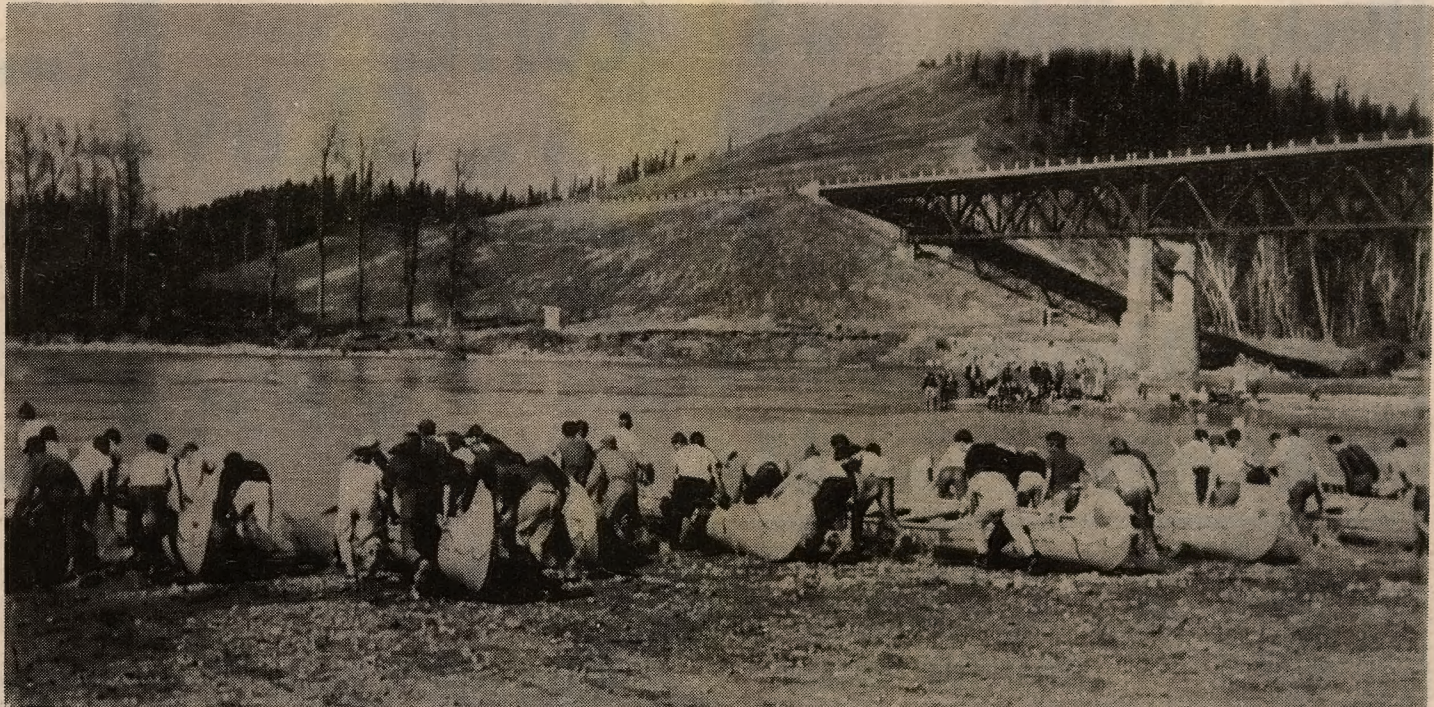

Their presentation was even more remarkable considering Mr. Gimbey had only one short practice with them on the afternoon of the show.

They were, however, familiar with the song through preparations in the schools this spring.

Master of Ceremonies for the occasion was Mr. Ritchie Wood who introduced a number of special guests including new MLA Ralph Jespersen, Mr. A.R. Continued on Page 2

Isbister of the Department of Municipal Affairs, Chief Voyageur of Canada, Col. Mathews, Bud Salloun, Centennial Officer, Project Engineer George Naoum and Chief Voyageurs from all the teams.

Sprint prizes were awarded on the stage with the Chief Voyageur for Canada, assisted by Centennial Queen Sherrill Timmins and Centennial Princesses, taking part. The prizes were awarded to the Chief Voyageurs of the teams and members of the David Thompson were introduced by Chief Voyageur John Nickel.

The Chief Voyageur of the Northwest Territories team presented books to Mayor Pickup and Father Lynch to be added to the public and school libraries.

A variety of entertainment followed that included local singers and dancers who presented a very enjoyable program.

Unfortunately a large number of people crowded around the stages obstructing the view of those seated behind and children playing in the crowd, coupled with a troublesome P.A. system, marred what would otherwise have been an excellent evening's performance.

However, this was the first event of this type ever staged in the new centre, and it is likely that different arrangements will be made in future.

Among those taking part in the evening's entertainment were the RCAF Band, the Lorenz Orchestra, the Earl Kelly Old Time Orchestra and the Ernie Lindscoog Old Time Dance Group.

The Drayton Valley-Evans-

burg band, did not perform during the evening, but took part in the entertainment at the river site.

High School students contributed to the program with the Can Can Girls, dances by Bonnie Heyland and Carol Kruger and the Tapping Top Hats. Another contribution by the school was Herman's Hermittes.

The Choralaires sang several selections and the Oil Wives staged the David Thompson Voyageurs Performance.

GOLF CLUB NOTES

On Friday, June 2nd a work party is required at the golf course to help clear out the under-brush along No. 8 and 9 fairways. Axes, power saws and work gloves are required.

The pay is good--keep all the golf balls you find. The club hopes members will make an effort to turn out and help.

It is intended to start a club championship this year to be run on a handicap basis so that everybody will be eligible.

A trophy will be donated by employees of Pembina Pipeline to be called the Syd Mitchell Memorial Trophy. We think this is a fine gesture and extend the thanks of the club.

Tom Henderson will have more on this and notices will be posted at the golf course.

The club house is now ready and one key will be given to each membership. Please contact Stan Metelski.

Last week a runaway grass fire destroyed the buildings on the Roy Thompson farm now owned by Otto Stordalsvoll. Among them was the small frame structure that was the Pembina Post Office. It was one of the beginnings of the Pembina districts relatively short history. My scrapbook says it was opened on the 24th of November, 1934. The first postmaster was H.T. Deby. After the war Walter Vickrey held the post for a short time. Then the building was moved to the Thompson farm and Roy

Thompson was post master until oil was discovered in the district and improved roads made it desirable to have all residents served by the Violet Grove branch.

The Roy Thompson buildings had been vacant for some years.

Adam and his son were out strolling, and happened to pass by the Garden of Eden. The boy stared, then turned to his father and said, "Say, that is a swell place; why don't we live there?"

"We did," Adam replied sadly, "until your mother ate us out of house and home."

Centennial Committee Extends Thanks for Help

The Drayton Valley and Area Centennial Committee wishes to thank the many, many people who contributed time and energy towards the Voyageur Canoe Pageant.

Although it is impossible to name all the people who assisted, some major groups and people deserve special thanks and recognition. These are: All the individual hosts, the Drayton Valley Elk's Club, the Royal Purple, The Drayton Valley Lion's Club, Drayton Valley Legion, Boy Scouts of Canada, Girl Guides and Rangers, the Air Cadets, our chef, Mr. Roy Graves (Dowell of Canada) and his staff.

To all the children of Drayton Valley who made Bobby Gimbey's job very pleasant and one which he said he will always remember.

For special parts of the program, we would also like to

thank the River Committee headed by Fred Raven and N. Swenseid; the hosting and ticket sales committee, Bert Telford and C. Rosenberger; the Program Committee, Bud Landreth and Lil Ross. Special thanks to our M.C. Mr. R. Woods and all the fine entertainers, the Evansburg-D.V. area band, the Adolf Lorenz orchestra from Evansburg and the Earl Kelly Old Time Orchestra.

In spite of the weather and the huge crowds, we were able to complete the program with the help of many local firms and companies who donated manpower, equipment and material assistance.

This was truly a community effort and Drayton Valley can be proud of all those people who contributed so much to make the Voyageur Canoe Pageant a success.

C.R. Wickens, on
behalf of the Drayton
Valley Centennial
Committee.

FASTBALL CLINIC

A Fastball Umpire's Clinic was held here on the weekend. The clinic was sponsored by the Drayton Valley Men's Fastball League. The instructor was Jim Dent who is one of the top fastball umpires in the city of Edmonton. The clinic got under way at 10 a.m. Sunday and closed out that evening at about seven o'clock.

The clinic mainly featured a brief study of the rule book as well as discussion on the different situations that might arise on a ball field. Mr. Dent instructs regularly at fastball clinics held at the University of Alberta and has a great deal to offer a group in the sphere of activity.

Jim is no stranger to Drayton Valley. He is a top flight hockey official and he refereed most of the Rebel hockey games here last winter.

FASTBALL SEASON UNDERWAY

The Drayton Valley Men's Fastball League is off to a good start again this spring. The schedule got under way on May 15 and with the favorable weather all scheduled games were played as of the past weekend.

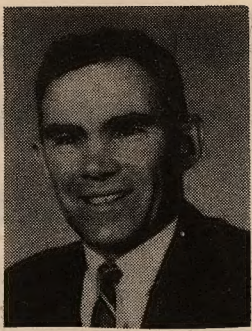

The six teams that make up the league are Mobil Oil, Pembina Pipeline, Pembina Meter, Pan American, the Drayton Valley Businessmen and a Church team composed of persons from the different Christian denominations throughout the community. Mobil Oil is the only new team in the league. All the other entries took part during the 1966 season. The Pembina Pipeline team won the community championship last season under the direction of Harold Reinhart. The Pipeliners are off to a strong start again this year, however, we have a stronger league now and the ball can take many unexpected bounces between now and next August when the league championship is decided.

The Pembina Meter team lost a star in the person of Lorne Gauley who will be leaving Drayton Valley very soon. Lorne is a terrific pitcher and his absence will be sorely felt by the Meter team.

POOL NEWS AND VIEWS

Will the Drayton Valley Swimming Pool open this weekend? This is the big question these days, especially a day like last Sunday when the mercury climbs to the low eighties. The answer at this writing would be that there is a very good possibility that the pool will be open by next Sunday. Now I could not commit myself and make any promises in this respect, however, things look favorable for a June 3rd or 4th opening.

The regular schedule for the month of June will get into effect immediately on opening and the swimming instruction program for the summer will also get underway during the first week of operation. Swimming classes will be presented through the school, for those attending school during the month of June. These classes under the direction of Doug Hall and Tom Hutton will be held daily Monday through Friday from 9 a.m. to 10:30 a.m. and from 1 p.m. to 3:30 p.m. A certain section of the pool will be made available for public swimming during the afternoon instruction. The pool will be officially open from 1 p.m. until

Mrs. M. Bruner, Correspondent

Well, I guess by this time that most of the farmers around have all or most of their crops in. All ardent gardeners, of course, have long since been able to sit back and wait for the weeds to grow after seeding their gardens. I was most pleased to hear that at least one family still had a bit of garden to put in; didn't make me feel that I was so very late with mine.

The track meet scheduled for last Friday was postponed because of rain. This gave the really nice weekend for the children competing to do some extra practise in their respective events.

The Pembina Valley Cadet Corps put on a display of what they had learned and practised for during the year on last Friday evening.

The Scouts had a very good weekend, weatherwise, for their camping. No rain or cold blustery weather marred a perfect weekend of camping as happened last year.

Visiting at the home of his mother was Mr. Fred Greaves from Red Deer. Fred had all his family with him for the visit.

The members of the gymkhana club were busier than the proverbial bee getting their grounds ready for the first of the gymkhanas to be held last Sunday. As this report is being written the events hadn't start-

ed or any crowd gathered so I can't possibly tell how it went.

A fair number of people turned out to vote on the opinion poll conducted in regards to centralization of the high school. The results of the poll will be known later on after the School Board meets.

Feeders Day To Be Held Saturday

Results of experiments conducted during the last 12 months on practical problems encountered in the feeding, breeding, and management of cattle, swine, and sheep will be discussed at the University of Alberta's 46th annual Feeders' Day on Saturday, June 3.

Most cattlemen will be interested in the report to be given by Dr. L.W. McElroy, Head of the Department of Animal Science, on "Steer Finishing Rations." He will compare the rate and efficiency of gain and carcass value of steers fed oyster shell versus those fed hay and linseed meal versus those fed beet pulp-urea crumbles. Half the steers in each group were implanted with stilbestrol. The degree of liver damage and incidence of rumen lining abnormalities were recorded for all groups at slaughter.

A report on "Crossbreeding Cattle", to be given by Dr. R. T. Berg, Professor of Animal Genetics, will compare the use of Charolais, Brown Swiss, and Hereford sires in a cross-breeding program.

Other topics on the program will include the following:

"Protein Conversions in the Ruminant", "The Importance of Milk Production in Beef Cattle", "Factors Influencing Carcass Composition and Retail Yield in Beef Cattle", "Estimated Energy Expenditure of Beef Cows on Free Range under Alberta Winter Conditions", "Milk Replacer for Raising Holstein Heifer Calves", "Veal Production from Holstein Calves", "Synchronization of Lambing with Vaginal Pessaries", "Comparison of Wheat Hulless Barley, Barley, and Rye in Pig Starters", "Full versus Restricted Feeding of Meal or Pelleted Rations to Market Pigs", "Frequency of Feeding Market Pigs", "Energy Protein Relationships in Rations for Market Pigs", and "Rape-seed Meal as a Protein Source for Swine Reproduction".

The Feeders' Day program is scheduled to start at 10:00 a.m. in the University of Alberta's Livestock Pavilion, located at 71st Avenue and 116th Street.

PLAN ROAD RACE

The annual Klondike Day Cross Country Race will be held this year on Saturday, July 22nd at approximately 12 noon.

The start will be at the Drayton Valley Hotel as usual, but will finish at the Sekura Auction Grounds instead of at the Saskatchewan River Camp Grounds. A course of about 5 miles will be chosen, and the event will be timed so as to bring people in to the Stampede on the afternoon of July 22.

Eight neighboring schools have been invited and encouraged to enter individuals or teams, or both, for this race, and it is hoped to have at least 50 entries this year. It is also hoped that many from Drayton Valley town will enter.

Any school, town or other group can compete, through its first four members to finish, in a team trophy. If there are enough entries it might also be possible to have a junior age group trophy.

Further details will be announced in due course. Entry fee, if any, will not be more than 50¢ per person and entries will be accepted up to the time of the race, although it would help in organizing the event if as many as possible got their entries in early.

Applications, stating name, age on July 22nd, and address should be sent to: Dr. Hugh MacLure, Drayton Valley, or to: Constable Bramhill, R.C.M.P., Lodgepole, Alberta.

Outdoors Notes . .

Weekend fishermen enjoyed good catches of jackfish in Bear Creek with fish up to 9½ lbs. reported.

Al Walton also advises that he has heard reports of trout being taken over the weekend from Davidson Lake.

Hunters might store away in their minds for use later this fall that a good number of deer have been sighted in the Buck Lake area.

* * * *

Sporadic reports of pheasant sightings from the 500 released last summer are being heard from time to time.

* * * *

Spring is popping out all over with most residents remarking on the amazingly quick production of tree leaves during the past few days.

Birds are back and nesting in

great numbers. Mrs. Deby reports four pairs of purple martins and a pair of finches among the bird population of their wooded lot. Mrs. Deby also has a pear tree in bloom.

George Hart reports that a pair of ruby-throated hummingbirds are enjoying an early-flowering shrub in his yard.

The masked "Hangman" will return to the local wrestling ring in the Centennial Civic Centre next Saturday evening, June 3rd and make another bid to relieve Harvey "Buck" Jones of his Western Canadian Heavyweight championship. The title, however, cannot be won or lost on a disqualification.

Saturday's bout will be a Texas Death Match, with no time limit and no disqualification rule in force. Falls do not count. Only when one man concedes defeat is the contest decided.

The "Mystery Man" has promised to remove his mask in the ring if he is defeated.

Ray Osborne takes on Pete Flannagan of Toronto in a one fall, 30 minute match. In a ladies event, Terry Lachance of Edmonton takes on the Wolf Girl from Tennessee.

Three boxing bouts featuring local boys will also be included on the card. Lenny Lachance takes on Ray Duperron in a bout at 65 pounds. Bert Duperron takes on Allan Duperron in a 70 pound match and Dale Johnson 140 lbs. will face John Teeter 142 lbs. All the bouts will be of three, two minute rounds and no decision will be rendered. Anglican Boys' School to Be Built at Genesee

Genesee has been selected as the site of a new Anglican boys school to be established in Alberta by the Company of the Cross.

Drayton Valley was considered as a possible site by an investigating party that arrived here in late winter. They were impressed with the local area but expressed the feeling

that Drayton Valley might be too far from Edmonton where some of the boys activities are centred.

St. John's School of Alberta will express the same philosophy of education developed at St. John's near Selkirk, Manitoba in the last ten years.

The boys themselves will maintain and run the school plants. They will also sell meat and farm produce to supplement school income. Long snowshoe and thousand-mile canoe treks will be a required part of the curriculum.

Teachers hope to move into the residence on the property in May of 1968 to work on the buildings. Following the Manitoba pattern, boys of the school will do as much of the construction work as possible.

About 50 boys will be registered in the spring of 1968 to begin classes in September. Construction will start in April.

Initially, the school will enroll boys in grades 7, 8, 9, and 10. Grades 6 and 11 will be added in the second year.

Mrs. John Alton, secretary of the Alberta committee, said each student in the school will take at least two languages other than English.

The boys will write public school examinations but their reading will be expanded and their studying will include more in depth analysis.

St. John's School of Saskatchewan is expected to be opened in 1970. Its site has yet been chosen.

David Thompson, a member of the staff of the Manitoba school for the past four years will be the headmaster of the Alberta school. Other teachers will be drawn from St. John's in Manitoba.

Most visitors to Expo 67 will come from an area within 600 miles of Montreal.

Charles Tally Passes At 85

Mr. Tally is survived by three sons, Walter of Edmonton, Earl of Hamilton Ontario and Lawrence of Fort Nelson, B.C.; two daughters, Mrs. Ernest (Alice) Chaput of Violet Grove and Mrs. Phillip (Eva) Deep of Prince Rupert, B.C. and twenty-one grandchildren. He was predeceased by his wife on February 23, 1960.

Funeral services for Mr. Tally were held at the Howard McBride Funeral Home in Edmonton on May 25th at 10:30 a.m. and interment was in Park Memorial Cemetery next to his wife's grave.

W.I. Meeting Informed Flower Show Prize Lists Available

The May meeting of the Drayton Valley Women's Institute was held in the library with Vice-president, Mrs. Roy Burrows, in the chair. Mrs. Duckett was welcomed as a new member.

It was reported that Mr. Hamden has very kindly consented to allow us to have our bake and plant sale in Block's Store on Saturday, June 3 from 2 to 5:30 p.m.

The Flower Show prize lists are now ready. They are being distributed by stores selling plants and by W.I. members.

A letter of thanks was read from Unitarian Service for the parcel of warm clothing sent in the late winter.

The W.I. chose as its Centennial Project the planting of a row of trees around the old cemetery. This was done last year but this spring it was found that many replacements were required. Last Wednesday evening a work party dug trees donated by Mr. Nick Urchyshyn and replanted them at the cemetery. The W.I. wished to thank Mr. Urchyshyn for the trees--maple and green ash--and Mrs. Dunington for the use of her truck. Mr. and Mrs. Barnes graciously permitted us to get water from the Dairy King and Mr. Oscar don-

ated his time to work down the soil. (Hope I haven't forgotten anyone who helped us with this project.)

Proceeds from the Bake and Plant Sale will be used to meet the expense of the Flower Show. Hope to see you at Blocks on Saturday.

Veterinary Convention

CALGARY--Research findings will play an important part in the business agenda when the 240-member Alberta Veterinary Medical Association holds its 57th Annual Summer Convention at the El Rancho Motor Hotel in Lethbridge, June 1-3.

Veterinarians from every point in the province will converge on the southern city to hear reports of research work and the latest techniques of modern veterinary medicine.

Panel discussions and a full resume of an economic survey completed for Alberta veterinarians will also form part of the three-day program.

Wives of veterinarians will also take part in many of the activities, including a tour of the Nikka Yuko Japanese Centennial Gardens.

Annual C.W.L. Convention

The 45th annual convention of the Edmonton Archdiocesan Catholic Womens League will be held in Vermilion on June 2, 3, & 4th. Delegates from 125 parish councils will attend.

Archbishop Rev. A. Jordon will celebrate mass at Holy Name of Jesus Parish Church on Friday at 7:30 p.m. Registration and opening ceremonies will follow at St. Jerome's School.

The overall convention theme is, "The League's role in the Parish".

The Saturday program, as well as containing league business, will include Mrs. C.D. Kelly of Edmonton speaking on the history of the C.W.L.

The Guest Speaker at the Saturday evening banquet and social will be Mrs. Isabella Stevens of Calgary, a past national president of the C.W.L.

The Guest Speaker at the Saturday evening banquet and social will be Mrs. Isabella Stevens of Calgary, a past national president of the C.W.L. The social evening will have a Canadian Centennial theme.

The Convention will close with mass and the installation of Archdiocesan League Officers.

Tons of fish caught in Alberta lakes by commercial fishermen are shipped to markets as far away as Chicago and New York.

Reveen Show to be Held Thursday Evening

Those who missed the Reveen Show earlier this spring will have another chance to see the noted hypnotist in a performance in the Frank Maddock High School at 8 p.m. on Thursday, June 1st.

Reveen thrilled his audience here in April with a good show that fascinated viewers and provided thrills and laughter for all. Volunteers were invited to the stage and after being assured that they would not be asked to do anything embarrassing he put them into a hypnotic trance when they encountered unusual situations that gave the audience many laughs from their reactions.

Reveen has been on a cross-Canada tour which will be halted this spring while he travels to Eastern Canada for performances over a period of a few

weeks.

Remember the date, Thursday, June 1st, for the Reveen Show in the Frank Maddock High School.

Half a cupful of gasoline vaporizing in the bilge of a boat can blow it sky high. So Canada's fire services believe that safety lessons learned in the home help to make boating a more delightful adventure. There are now nearly a million small craft plying the waters of the nation, increasing at the rate of 50,000 yearly. You don't easily get a second chance to live in a boat fire.

A smile enriches those who receive without making poorer those who give.
